EXAMINER'S STATEMENTS OF REASONS FOR ALLOWANCE

1. Claims 1-3, 5-17, 22-45 are allowable over prior art because related references do not disclose identifying an expected quantization distortion for each of the quantization levels in a frame; summing the expected quantization distortion; and removing the summed expected quantization distortion. Claims 18-20 are allowable over prior art because related references do not disclose identifying an expected quantization distortion for each of the quantization levels in a frame; summing the expected quantization distortion; and determining a phase spectrum of the expected quantization distortion.
